Hi! How can the number of active users be higher than the total number of users? You claim that 11% of the world's population is registered on Facebook (at the time these numbers were originally noted down), yet as of today, almost a year later, 11% of the world's population would amount to a mere 767 million, which is a considerable amount less than the 800 million claimed in the article.

The document didn't mince words. It claimed three-quarters of international terrorism convicts were immigrants, an assertion meant to bolster Donald Trump's cherished Muslim-focused ban on entering the country. And the report put the claim in the mouths of an agency assembled to keep Americans safe after 9/11: the Department of Homeland Security (DHS).
