"The Long and Winding Road" is a song by the English rock band the Beatles from their 1970 album Let It Be. It was written by Paul McCartney and credited to Lennon–McCartney. When issued as a single in May 1970, a month after the Beatles' break-up, it became the group's 20th and last number-one hit on the Billboard Hot 100 chart in the United States. It was the final single released by the ...

In mathematics, the winding number of a closed curve in the plane around a given point is an integer representing the total number of times that curve travels counterclockwise around the point. The winding number depends on the orientation of the curve, and is negative if the curve travels around the point clockwise.. Winding numbers are fundamental objects of study in algebraic topology, and ...
